

Advertising with **Manufactured Home Monthly**[®]

REALLY WORKS!

*Take it from our satisfied
customers...*

"The *Manufactured Home Monthly* is a very important advertising tool for our company. I receive calls daily from people telling me they want information on a home they found in the magazine. It is a free shopping guide for potential buyers and I am pleased to be a part of it. Definitely advertising money well-spent!"

"Just to let you know...shortly after my first ad ran I had a call! We always wonder if anyone will read or respond and it feels great to have this question answered so quickly. While talking to you about designing our second ad, the other line rang, another caller who saw us in *Manufactured Home Monthly!* We'll keep advertising as long as they keep calling!"
